

EVIO
PRIVATE LIMITED

COMPANY BROCHURE 2026

Complex Challenges, Intelligent Engineering.

Turnkey electrical, automation and building-systems contractor for industry, infrastructure and mission-critical data centres across India.

15
years · since 2011

295 MW
data centre capacity

Zero LTI
in five years

ABOUT EVIO

A dependable partner for project execution

EVIO Private Limited is a turnkey electrical, instrumentation and automation contractor, founded in 2011 by Gopal M. Kandoi, a senior technocrat with five decades in the electrical & automation domain. We offer value engineering, deep industry experience, in-house skills and the capability to conceptualise and execute engineering solutions tailored to each client, working with top global technology brands.

15 yrs
Delivering turnkey projects since 2011

295 MW
Data centre capacity worked on

10 cities
Data centre footprint across India

1.9 Cr+
Safe man-hours, FY21–FY25

Zero LTI
Lost-time injuries in five years

ISO
9001:2015 & 45001:2018 certified · Great Place To Work®

Customer first

Tireless effort, exceptional commitment and fair pricing, built on trust, respect and transparency.

Safety first

The health and safety of our people, our customers' property and our subcontractors takes precedence on every site.

Quality & reliability

Results-oriented delivery, continual process improvement and full compliance with legal requirements.

What we do

- Turnkey Electrical & MEP
- Data Centre Electrical Infrastructure
- Industrial Automation (Siemens)
- Building Automation & IBMS
- Lighting Automation (Helvar)
- Industrial IoT (Altizon)

Offices in Mumbai (HQ), Pune and Bengaluru, executing projects pan-India.

DATA CENTRE VERTICAL

Electrical infrastructure for mission-critical data centres

Turnkey high-side and low-side electrical works for hyperscale and colocation data centres, from HT intake to UPS output, built to the client's Tier design and aligned to TIA-942 and Uptime Institute guidelines.

295 MW
Capacity worked on

7
Data centre clients

10
Cities

4 + 3
Completed + in progress

City	Data centre programmes
Hyderabad	Microsoft HYD-01
Mumbai & Navi Mumbai	NTT · CtrlS · AdaniConneX · Digital Edge
Pune	ST Telemedia · AdaniConneX
Delhi NCR	ST Telemedia (New Delhi) · Sify (Noida)
Ahmedabad	ST Telemedia
Bengaluru	ST Telemedia
Chennai	ST Telemedia
Kolkata	NTT

Completed · Includes work in progress

Capabilities

- HT / LT panels: installation, termination & testing
- HT, LT & control cabling on trays and ladders
- DG sets & fuel systems
- Modular & centralised UPS systems
- Busduct & cable management for data halls
- Earthing & lightning protection
- Testing & commissioning support, L1 to L5
- Heavy electrical equipment handling

Featured: AdaniConneX, Pune. 48 MW colocation campus (5 × 9.6 MW halls): HT & LT cabling, isolation transformers, lighting, earthing and lightning protection over a 24-month programme.

SERVICES

Turnkey Electrical & MEP

Turnkey Electrical Solutions

End-to-end HT & LT electrical contracting from concept to commissioning.

Total electrification solutions for industrial, commercial and infrastructure projects, delivered with zero-compromise safety standards.

- Power infrastructure: switchyards up to 132 kV, transformers, HT/LT panels & DGs
- Internal & external electrification for industrial and commercial projects
- Illumination: cabling, street-light and high-mast installations
- Specialised installations: clean rooms, flame-proof areas, instrumentation
- Complete testing, CEIG approvals & handover

Flipkart Big Box, Haringhata: 500 km of HT & LT cable, 32,000 light fixtures, 16 HT/LT panels.

MEP Contracting

Fully coordinated Mechanical, Electrical and Plumbing execution.

A unified MEP service under one roof: we eliminate clashes between trades, reduce delays and raise the standard of overall quality.

- Coordinated 3D design & BIM clash resolution
- HVAC solutions
- Plumbing & drainage
- Electrical integration
- Centralised project management & integrated commissioning

Pharmaceuticals · FMCG · Data Centres · Manufacturing · Healthcare · Commercial · Infrastructure

SERVICES

Industrial Automation & Industrial IoT

Industrial Automation

Factory and process automation for enhanced industrial efficiency.

An in-house software team delivering end-to-end automation, from design, engineering and software development through commissioning, maintenance and support, for systems of any size.

- Design & engineering, PLC/SCADA architecture
- Software development & panel FAT
- PLC & SCADA commissioning
- Mission-critical automation with redundant controllers & networks
- End-to-end maintenance & support

TECHNOLOGY PARTNER

SIEMENS

Automobile | Chemicals | Oil & Gas | FMCG | Pharma | Water Treatment

Industrial IoT

Real-time visibility and predictive analytics from the factory floor.

Since our 2018 partnership with Altizon, we bridge Operational Technology and IT, extracting data securely from legacy and modern equipment via OPC-UA and MQTT into cloud or edge dashboards.

- Sensor networks & edge gateways
- Real-time dashboards, OEE & downtime tracking
- Predictive maintenance analytics
- Cloud / ERP integration

TECHNOLOGY PARTNER

ALTIZON
The Industrial IoT Company

SERVICES

Building & Lighting Automation

Building Automation & IBMS

Intelligent systems for efficiency, sustainability and productivity.

Engineering, execution and commissioning of smart building systems that integrate fire, security, HVAC and lighting to cut energy use and operating cost.

- Fire detection & alarm, NOVEC gas suppression, VESDA
- Building Management System: trends, alarms, hot/cold aisle monitoring
- CCTV, access control & biometric systems
- Public address & fire alarm integration

TECHNOLOGY PARTNERS

NOTIFIER by Honeywell · EDWARDS · BOSCH · MATRIX TELECOM | SECURITY · HIKVISION · D-Link · HID

Lighting Automation

Smart lighting for energy conservation and the right ambiance.

From single-luminaire solutions to complete building lighting systems, integrated with other building systems, with remote monitoring and predictive energy savings.

- DALI: individual luminaire control & scene setting
- Wireless lighting controls & smartphone integration
- Daylight & presence-based automation
- Reference: The Leela Palace, Gandhinagar, 13 lighting control DBs

TECHNOLOGY PARTNER

Helvar

SELECTED PROJECTS

Trusted by India's leading enterprises

Myntra · Embassy Industrial Park, NCR

IIT Hyderabad · Campus electrical works

Ineos · 66 kV switchyard

Nirma · 60 TPD caustic soda plant

Yokohama · 6.6 kV expansion, Bahadurgarh

HCCB · Electrical, CCTV & access, Khurda

"This is to inform that M/s. EVIO Pvt. Ltd. has successfully completed the Campus Development Electrical Works for IIT Hyderabad (Package 3B) at Kandi, Sangareddy, Telangana. ... Their execution quality, commitment, and professionalism have been commendable."

Shapoorji Pallonji & Company Pvt. Ltd.

"EVIO Pvt. Ltd. has successfully executed the supply, installation, testing and commissioning of electrical system works at RG1A underground car park project in BKC, Mumbai. During the project we have found EVIO satisfactory in terms of safety, quality, resources, augmentation and progress of works."

Larsen & Toubro Limited

CLIENTS INCLUDE

Microsoft · NTT DATA · ST Telemedia GDC · AdaniConneX · Digital Edge · Sify · CtrlS · Flipkart · Myntra · Larsen & Toubro · Tata Communications · Shapoorji Pallonji · Tata Consulting Engineers · CEAT · Yokohama · Nirma · Alpla · BPCL · Biocon · Cummins · IFFCO · Lodha · Jio · The Leela · HCCB · Ineos

SAFETY & QUALITY

Safety is measured, not assumed

Across five years and more than 1.9 crore safe man-hours, EVIO has recorded zero lost-time injuries and zero fatalities, with 3.6 lakh+ training hours and over 85,000 unsafe acts and conditions reported and closed.

Safe man-hours per year (lakh) · company-wide

0 LTI · 0 major incidents · 0 fatalities · 0 fires

Quality on every site

- Approved method statement before every activity
- Incoming material inspection against approved makes
- Joint inspection (RFWI) before each next stage
- Testing with calibrated instruments
- Commissioning tagged L1 to L5
- Non-conformances closed through RCA & CAPA

ISO 9001:2015 · ISO 45001:2018 · Great Place To Work® Certified
